

Instructions: Please read the descriptions of each of the eight levels. Related to the video segment viewed, choose the level that best fits where your current knowledge/use of this information is.

Pre **Post**

①	<p>Level 0: Non-use I have little or no knowledge of the information presented (Example: I have no involvement with this and am currently not involved in using this topic.)</p>	①
②	<p>Level 1: Orientation I am acquiring information about this information. (Example: This viewing has raised my awareness on this topic)</p>	②
③	<p>Level 2: Preparation I am preparing for the first use of this information in my teaching. (Example: I am seeking examples of this in the field, I am preparing to use this information in my instruction)</p>	③
④	<p>Level 3: Mechanical Use I implement this information periodically but only on an introductory level. My skills on this topic remain at a very basic level and could benefit from further reflection and evaluation. (Example: I am currently providing an overview of this topic or am involved/shadowing in an environment that is utilizing this approach.)</p>	④
⑤	<p>Level 4 A: Routine I feel comfortable using this information on a regular basis. I instruct or implement this approach regularly. (Example: I provide instruction on this information in depth or use it regularly in a classroom environment.)</p>	⑤
⑥	<p>Level 4 B: Refinement I vary my use of this information in education to increase the expected benefits within the classroom. I am working on refining my approach to maximize the effects with my students. (Example: I continue to seek outside sources to provide feedback/critique/coaching on my use of this information either in my instruction.)</p>	⑥
⑦	<p>Level 5: Integration I am combining my own efforts with related activities of other teachers and colleagues to achieve impact in the classroom. (Example: I am working collaboratively with others to expand the use of this topic through Professional Learning Communities, cross-curricular instruction, publication...)</p>	⑦
⑧	<p>Level 6: Renewal I reevaluate the quality of use of this information in education, seek major modifications of, or alternatives to, present innovation to achieve increased impact, examine new developments in the field, and explore new goals for myself and my school or district. (Example: I am working on enhanced models or modifications of this information using a research-based approach.)</p>	

Post-evaluation comments

Please provide comments/examples on how you have used this information and how it has effected your practice:

Please return these when completed to:

**Ellen Contopidis
